Reason for the Proposal

With the growing availability of stock exchange traded 'clearing corporation' stock options the Canadian Provincial Securities Administrators were requested to indicate their attitude towards the suitability of this class of security as an investment for a particular mutual fund as well as the feasibility of a fund acting as the writer of options. This led to a consideration of all classes of rights, warrants and options to purchase securities. The draft policy set out below reflects the preliminary conclusions reached by the Administrators at their May, 1976 meeting as modified by subsequent correspondence.

Draft Policy

1. A mutual fund may purchase clearing corporation options provided the value of all rights, warrants and clearing corporation options purchased do not collectively exceed more than five percent of the value of the net assets of the fund. The value of such rights, warrants and clearing corporation options will form part of the maximum of ten percent of the value of the net assets of the fund which has been generally accepted by the administrators as the maximum which any mutual fund, except mortgage funds, may otherwise invest in 'illiquid' securities.
2. A mutual fund shall not purchase or write uncovered options.
3. A mutual fund will be permitted to write covered clearing corporation options provided that the value of securities underlying the options written shall not exceed ten per cent of the mutual fund's assets invested in stocks.

##### REQUIREMENTS MADE PURSUANT TO REGULATION 6:O.R. 208/70 FORM OF ACCEPTABLE SUBORDINATION AGREEMENT

The Commission published, as a supplement to its Weekly Summary dated 13th March, 1975, details of the new acceptable subordination agreement required for compliance with Conditions of Registration.

This supplement is being republished this week because it is becoming evident that the requirements for subordination agreements are not being observed by those who prepare such documents and it is also evident that the accounting profession is apparently not aware of the acceptable subordination agreement set out in the original supplement dated 13th March, 1975.

The Commission will appreciate attention being given to this important matter as it will obviate the necessity for unacceptable subordination agreements having to be returned and prepared again in the acceptable format.

EXPLANATORY NOTICE

CONDITIONS OF REGISTRATION

REQUIREMENTS MADE PURSUANT TO REGULATION 6: O.R. 208/70

FORM OF ACCEPTABLE SUBORDINATION AGREEMENT

TO: ALL DEALERS AND ADVISERS NOT SUBJECT TO EXAMINATION  
UNDER SECTION 31 OF THE SECURITIES ACT

Notice is hereby given in accordance with the requirements of subsection 7 of Regulation 6 that on or after 21ST APRIL, 1975, the Commission proposes withdrawing its approval of the form of Subrogation Agreement presently found as Schedule 1 of Appendix 2 to the Conditions of Registration published by the Commission pursuant to Regulation 6 and substituting the form of Subordination Agreement appended to this Explanatory Notice.

This form of Subordination Agreement will be used by dealers and advisers not subject to audit examination under section 31 of The Securities Act, that is, dealers and advisers who are not members of The Toronto Stock Exchange, the Ontario District of the Investment Dealers Association of Canada and the Broker-Dealers' Association of Ontario. Through such agreements capital advanced by way of loan cannot be withdrawn excepting in accordance with the terms of the Agreement. The loan is subordinate to the claims of clients and other general creditors.

Any dealer or adviser affected by the proposed change will be afforded an opportunity to be heard by the Commission if they file a written request for a hearing with the Secretary to the Commission on or before Friday, 11th April, 1975. In the absence of any requests for hearing the Commission proposes publishing the change in its Weekly Summary for the week ending 17th April, 1975, to become effective on Monday, 21st April, 1975.

Purpose of the Change

The existing Subrogation Agreement requires the registrant's auditor to join as a party to the agreement and to act as Trustee for the General Creditors. The accountants made representations that this compromised their independence and position as auditors. The Commission agreed with this submission and took the opportunity to have the form of the agreement completely redrafted for greater certainty and clarity.

NOW THEREFORE THIS AGREEMENT WITNESSETH that for the purpose aforesaid and in consideration of the premises and of the sum of One Dollar now paid by the Registrant to the Lender (the receipt whereof is hereby acknowledged) the parties hereto hereby covenant and agree as follows:

1. INTERPRETATION

1.1 In this Agreement, the following words and terms shall have the following respective meanings:

"Agreement" shall mean this Agreement between the Lender and the Registrant together with the Schedules annexed hereto, as the same may be amended from time to time, and the expressions "herein", "hereof", "above", "below" and similar expressions refer to this Agreement and the said Schedules.

of the Commission.

"Successor" shall include every successor of the Registrant, and, any person or company which succeeds to all or part of the business of the Registrant or of which any partner or director of the Registrant as of the date of this Agreement is a partner or director, as the case may be, regardless of the name under which the business is carried on.

1.2 Any other terms of this Agreement, not defined herein but defined in the Act shall be defined in the same manner as defined in the Act.

2. SUBORDINATION OF THE DEBT

The Lender hereby postpones the payment and satisfaction by the Registrant of the Debt in favour of, and subordinates the Debt to all Claims of, the General Creditors with the intent that all such General Creditors shall in the event of a dissolution, winding-up, liquidation, insolvency or bankruptcy of the Registrant be paid their then existing Claims in full in priority to and before the Lender shall have any claim upon any property, assets, rights or benefits of the Registrant, or upon the cash and/or securities comprising the Debt.

3. REPAYMENT OF DEBT

3.1 Subject to Section 3.2 and 3.3 hereof, the Lender will not demand or accept payment of, and the Registrant will not pay to the Lender the Debt or, any of the cash comprising

the Debt, or any part thereof, and the Lender will not demand or accept delivery of, and the Registrant shall not deliver to the Lender, all or any part of the securities comprising the Debt, or any cash on account or in respect thereof.

3.2 Notwithstanding Section 3.1 hereof, the Lender may substitute and the Registrant may accept in lieu of all or any part of the cash and/or securities comprising the Debt, cash and/or securities ("substituted cash and/or securities") if (a) the amount of the substituted cash and/or securities when used in the computation of the Free Capital of the Registrant as of a date (the "computation date") within five business days of the date of the notice to the Commission (hereinafter referred to) is in excess of the Minimum Free Capital of the Registrant as of the computation date, and (b) ten business days have passed since the Registrant gave the Commission notice in writing of the intention to substitute the substituted cash and/or securities and a schedule showing the computation of both the Free Capital and the Minimum Free Capital of the Registrant as of the computation date before and after such proposed substitution, during which time the Commission has not informed the Registrant in writing that it objects to such substitution. Any cash and/or securities repaid or returned as a result of the substitution provided for in this Section 3.2 shall cease to form any part of the Debt as of the date of such repayment or return.

3.3 Notwithstanding Section 3.1 hereof, the Lender may demand and accept and the Registrant may repay and/or return, as the case may be, all or any part of the cash and/or securities comprising the Debt, if (a) the Free Capital of the Registrant as of the computation date after such repayment and/or return is in excess of the Minimum Free Capital as of such date, and (b) ten business days have passed since the Registrant gave the Commission notice in writing of the intention to make such repayment and/or return and a schedule showing the computation of both the Free Capital and the Minimum Free Capital of the Registrant as of the computation date before and after such proposed repayment and/or return, during which time the Commission has not informed the Registrant in writing that it objects to such repayment and/or return. Any cash and/or securities repaid or returned in accordance with this Section 3.3 shall cease to form any part of the Debt as of the date of such repayment or return.

3.4 Nothing contained in this Section 3 shall be deemed to prevent the paying to the Lender of interest on the Debt at the rate set out in Schedule "A" to this Agreement, or the handing over to the Lender of any dividends or interest received on any of the securities included in the Debt, if the payment of such interest or dividends is permitted in Schedule "A" hereto and the Commission has not notified the Registrant in writing that such payment shall cease provided

always that such payment does not cause the Free Capital of the Registrant to be less than the Minimum Free Capital of the Registrant.

4. UNAUTHORIZED REPAYMENTS

4.1 Any payment, repayment, delivery or redelivery of any part or all of the Debt or of any or all of the cash and/or securities comprising the Debt received by the Lender otherwise than in accordance with the provisions of Section 3 hereof (any such payment, repayment, delivery or redelivery so received by the Lender being hereinafter in this Section 4 referred to as an "Unauthorized Repayment") shall be held by the Lender in trust for the General Creditors and for the ratable distribution of the Unauthorized Repayment among the General Creditors to the extent necessary to pay all Claims in full, and the Lender shall and hereby agrees to do all things and execute all documents which may be necessary or desirable for effecting such ratable distribution to the extent aforesaid among the General Creditors; provided that if this Agreement shall have been terminated in the manner provided in section 6 hereof, any Unauthorized Repayment shall be held in trust for General Creditors in accordance with this Section 4.1 to the extent necessary to pay only the Claims, if any, which have arisen

up to the time upon which the termination in Section 6 hereof is effective.

4.2 To the extent that the operation of the provisions of Section 4.1 hereof did not result in any Unauthorized Repayment being realized by the General Creditors to the extent of their entitlement thereto in accordance with the provisions of Section 4.1, the Lender shall pay to the General Creditors entitled pursuant to Section 4.1 the equivalent value of such Unauthorized Repayment.

5. AMENDMENT

Apart from the amendments contemplated by Sections 3.2 and 3.3 hereof, this Agreement may only be amended if the Registrant delivers to the Commission notice in writing of any proposed amendment. If within 10 business days of the delivery of such amendment to the Commission, the Commission has not objected in writing thereto, this Agreement may be so amended. At the time of execution of such amendment, a copy thereof shall be delivered to the Commission.

6. TERMINATION

This Agreement shall remain in full force and effect until it is terminated in accordance with this Section 6. This Agreement may be terminated by the Lender by delivering to the Registrant and to the Commission notice in writing of the Lender's intention to terminate. Within ten business days of receipt by the Registrant of the notice to terminate, the Registrant shall deliver to the Commission a schedule showing the calculation of the Free Capital and the Minimum Free

Capital of the Registrant as of a date within five business days of the date of delivery to the Commission of such schedule, in which the Debt is not postponed and subordinated. If within ten business days of the delivery of such schedule to the Commission, the Commission has not objected in writing to the termination, this Agreement shall terminate and be of no further force and effect as of the date immediately following such last mentioned ten days expires.

7. NOTICE

Any notice or communication hereunder or pursuant hereto which is given in writing may be effectively given by delivering the same or mailing the same by prepaid registered post addressed to the Lender as follows:

This hearing held on Thursday, September 9, 1976 was for the purpose of determining whether or not a temporary order issued under section 144 of the Ontario Securities Act on August 27, 1976 should be rescinded or extended. The events leading up to the issuing of the temporary order commenced on August 24, 1976 at which time Mr. Douglas Berlis, Chairman of Bralorne Resources Limited, requested the Toronto, Montreal and Vancouver Stock Exchanges to suspend trading in the shares of Bralorne at the opening of the Exchanges on Wednesday, August 25, 1976 pending an announcement by the company. At the same time, Mr. Berlis advised the Securities and Exchange Commission and the National Association of Securities Dealers Inc. of the suspension of trading (Exhibit "B", Tab "A").

On the morning of August 25, 1976 Mr. W. S. Vaughan of Aird, Zimmerman & Berlis, solicitors for Bralorne in Ontario, had a telephone conversation with Mr. Bray, the Vice-Chairman of the Ontario Securities Commission. Prior to this conversation, Mr. Vaughan, on August 23, 1976 discussed with officials of the Toronto Stock Exchange on a no-names basis their reaction to a takeover bid such as was ultimately proposed on August 27, 1976 by Cornat Industries Limited. Mr. Vaughan said that he received a favourable reaction from the T.S.E. but was advised that he should communicate with the O.S.C. and this was the reason for the communication on the morning of August 25, 1976 with Mr. Bray. When Mr. Vaughan communicated with Mr. Bray, it was the intention of Cornat to make an offer simultaneously through the three Exchanges namely, Toronto, Montreal and Vancouver, for 50.05% of the common shares of Bralorne. The evidence was that most of the trading on the Canadian Exchanges in Bralorne was done on the Toronto Exchange and of the 6,309 shareholders, 717 were situate in Ontario and held 1,074,204 of the issued shares.

Mr. Vaughan could not remember whether or not he told Mr. Bray that Cornat did not propose to communicate with the shareholders of Bralorne, but he did remember very clearly that Mr. Bray told him that the O.S.C. would not permit the proposed takeover to proceed through the facilities of the Toronto Stock Exchange. He said that he communicated this information to his principals and that subsequently, as a result, Cornat decided to make

its offer by its agent, Pemberton Securities Limited, through the facilities of the Vancouver Exchange only and did so on August 27, 1976 (Exhibit "A", Tab "2"). This offer was communicated by telex to the O.S.C. and counsel for Bralorne said that the leading dailies in Vancouver and in Toronto amongst others were advised.

Following the communication of the offer, the O.S.C. issued its temporary order directing that all trading in the securities of Bralorne Resources Limited should cease forthwith and that the suspension should continue for a period of fifteen days unless rescinded or further extended. The order of the O.S.C. (Exhibit "A", Tab "5") recited that the Commission was of the opinion that the offer was a takeover bid within the meaning of paragraph (g) of section 81 of the Ontario Securities Act and was not an exempt offer as defined in clause (ii) of paragraph (b) of the said section. The order further recited that even if the offer was construed as being exempt, it was the opinion of the Commission that the method of communication by the offeror, Cornat Industries Limited, to the shareholders of Bralorne Resources Limited, resident in Ontario, deprived the Ontario shareholders of information and protection that in the public interest they ought to have in an offer of this kind.

Counsel for the Commission and counsel for Bralorne filed memoranda (Exhibits "A" and "B") with the Commission and oral representations were heard from counsel from both the Commission staff and Bralorne. In addition, counsel for the T.S.E. was heard and statements of fact were made by the Chairman and President of Bralorne, by Mr. Vaughan, and by Mr. George Chisholm of Hector M. Chisholm & Co. Ltd. No one appeared on behalf of Cornat Industries Limited.

Counsel for Bralorne took the position that the offer of Cornat was one made through the facilities of a stock exchange namely, the Vancouver Stock Exchange, and that accordingly, it was an exempt offer. He contended that there was no requirement in the Ontario Securities Act as to what the offer should contain or disclose and that the requirements of the Act were met if it was shown the offer was made through an Exchange no matter where the Exchange may be situate throughout the world.

Counsel for the staff contended that even if counsel for Bralorne was correct in his submission as to the offer being an exempt one, nevertheless, under the provisions of section 144, the Commission had the discretion to order cease trading in respect of the securities of Bralorne if in its opinion such action was in the public interest and he contended that it was in the public interest to order cease trading when the offer made by Cornat did not make disclosure equivalent to the disclosure that would be in a circular issued under the provisions of Part IX of The Securities Act.

The fact was that no offer was communicated directly by Cornat to the shareholders of Bralorne. Bralorne's agent, Pemberton, who is a member of all three Canadian Exchanges, advised the Vancouver Exchange that it was acting as agent for Cornat and proposed to purchase 2,555,000 shares of Bralorne on the floor of the Vancouver Stock Exchange on Wednesday, September 15, 1976 at a price of \$4.25 per share.

The Exchange advised its members by notice dated August 30, 1976 (Exhibit "C") of this advice and the fact that a book for receipt of tenders would be opened on the floor of the Exchange one hour before the opening of trading on September 15, 1976 to remain open for one half hour. The members were also advised in the said notice that Cornat had not made any commitments to acquire shares of Bralorne except as above and that Cornat had no knowledge of any material change in the affairs of Bralorne which had not been generally disclosed.

As far as we could tell, this was the only information filed with the Vancouver Stock Exchange and as we have stated, no communication to the shareholders of Bralorne was sent by Cornat. Bralorne Resources Limited, itself, on August 27, 1976 sent a letter (Exhibit "A", Tab "7") to its shareholders. This letter quoted an announcement made by Cornat Industries in Vancouver and in addition advised the shareholders of the cease trading order imposed by the O.S.C. and of the hearing to be held by that Commission on September 9, 1976.

In quoting from the announcement of Cornat,  
Bralorne advised its shareholders that:

- a) Cornat was offering through its agent, Pemberton, to purchase 2,555,000 shares or 50.05% through the Vancouver Stock Exchange in accordance with its regulations.
- b) The bid price would be \$4.25 per share. Pro rationing would apply if more shares were offered than Cornat was prepared to buy.
- c) Major shareholders of Bralorne owning 32% of the issued shares had agreed to tender their shares.
- d) The offer would be made on the floor of the Vancouver Stock Exchange. No offering documents will be mailed to Bralorne shareholders but brokers trading on the Vancouver Exchange would be provided with further information.
- e) Arrangements have been made for the continuation of Bralorne management and for the granting of an interest free loan to Mr. Fitzpatrick, its President, to enable him to purchase 125,000 shares of Cornat's holdings in Bralorne at Cornat's cost.
- f) Cornat owned no shares of Bralorne and would not be buying any except through its bid.
- g) Cornat had also agreed to purchase \$6,000,000 worth of unsecured convertible debentures from Bralorne and the terms of conversion were set out.
- h) The nature of Bralorne's principal activities and a short description was given of the operations of Cornat.

The question for the Commission to decide is not a simple one. Leaving aside the question as to whether or not an exempt offer as defined by section 81(b) is extended to any offer made through any Exchange no matter where situate in the world which the Commission does not consider it need decide at this time, the problem is should the Commission permit the 700 odd shareholders situate in Ontario to tender their shares through the facilities of the Vancouver Exchange notwithstanding the offer made by Cornat through its agent, Pemberton, does not comply with the rules relating to takeover bids of the Vancouver Stock Exchange promulgated in August, 1975 and approved by the Superintendent of Brokers of British Columbia on August 11, 1975 to say nothing of the fact that the offer does not meet the more stringent requirements of the Montreal Stock Exchange nor does it comply with the draft rules which the Toronto Stock Exchange proposed to the Ontario Securities Commission.

The Commission cannot understand and looks with disfavour upon the action of Cornat and its agent Pemberton. Pemberton, as a member of the Vancouver, Montreal and Toronto Exchanges, knew or should have known of the regulations approved in Vancouver in August, 1975, the regulations approved in Quebec in December, 1975 and the regulations proposed by the Toronto Stock Exchange to the Ontario Securities Commission but not approved. Pemberton knew or should have known that the offer it was making as agent did not comply with any of these yardsticks. We have no jurisdiction of course over the Vancouver Stock Exchange, but we find it difficult to understand how it would be content to accept the information filed with them and forwarded to its members on August 30, 1976 as being a compliance with its rules promulgated in August, 1975.

We cannot believe that Cornat did not know through its counsel the requirements as to takeover bids through an Exchange and we are satisfied that its failure to appear at the hearing before us was a deliberate affront and challenge to the Commission. We are also satisfied that Bralorne through its officers and Ontario solicitors knew full well that the Cornat offer was not in compliance with the proposals of the Toronto Stock Exchange on Exchange takeovers nor with the requirements of either the Vancouver or Montreal Exchanges for such takeovers.

Having said these things however, should we refuse to permit the Ontario shareholders of Bralorne to tender their shares if they see fit to do so because of the conduct of others over whom they have no control? We have decided not to extend the order of August 27, 1976 and to rescind it as of 12:00 o'clock noon September 10, 1976.

We wish to make it clear to the Toronto Stock Exchange and its officials and all companies whose shares are listed thereon that this is an exception which we are prepared to make under the peculiar circumstances of this case; it is no precedent.

In future, no such relief will be given in the case of attempted takeovers through an Exchange unless the proposal is submitted in writing by the offeror to the Commission and meets at least the draft requirements as proposed by the Toronto Stock Exchange in its negotiations with the Ontario Securities Commission. In the meantime, it is hoped that the uncertainties referred to at the hearing will be removed by an early agreement between the Toronto Stock Exchange and the Ontario Securities Commission.

DATED at Toronto this 10th day of September, A.D. 1976.

## ONTARIO SECURITIES COMMISSION

### W E E K L Y     S U M M A R Y

WEEK ENDING 30TH SEPTEMBER, 1976.

THE WEEKLY SUMMARY THIS WEEK CONSISTS OF SEVERAL PARTS: IN ADDITION TO THE USUAL PARTS "A" AND "B", THERE ARE SUPPLEMENTS IN RESPECT TO A NEW NATIONAL POLICY, AN AMENDMENT TO AN EXISTING NATIONAL POLICY, AND AN EXPOSURE DRAFT FOR A PROPOSED NEW NATIONAL POLICY.

#### N O T I C E    I

THE NEXT ISSUE OF THE WEEKLY SUMMARY WILL BE PUBLISHED ON FRIDAY, 8TH OCTOBER, 1976, IN VIEW OF THE HOLIDAY ON THE MONDAY FOLLOWING.

#### N O T I C E    II

WITHDRAWAL OF PROPOSED DRAFT NATIONAL POLICY NO. 29  
FILING OF PROSPECTUSES OR STATEMENTS OF MATERIAL FACTS IN OTHER THAN "HEAD OFFICE" JURISDICTION.

This draft policy was published for comment by agreement of the Canadian Provincial Securities Administrators in our Weekly Summary for the week ending 13th May, 1976. Following a review of the comments received, while in substantial agreement as to the intent of the proposed policy, the Administrators were unable to agree on precise language. Accordingly it was agreed that the proposed statement of policy should be withdrawn.

The policy was an attempt to codify existing practice. Where a filing is made in a Canadian jurisdiction other than the "head office" jurisdiction, the head office jurisdiction will continue to be consulted.

DRAFT PROPOSED NATIONAL POLICY

MUTUAL FUNDS: SHORT-TERM TRADING PENALTY

Reason for Policy

For some years various provincial administrators have required mutual fund prospectuses to contain a short-term trading penalty provision even though a National Policy dealing with the subject was not adopted. The administrators at their annual meeting in September, 1976, agreed that such a provision should now be written into a National Policy and that the provision should more adequately reflect present day brokerage charges. Apparently the penalty provisions now in use have not in all cases adequately achieved the objectives sought in the recommendations found in paragraph 13.88 of The Canadian Mutual Fund Committee Report.

Accordingly it is proposed in respect to first time prospectus filing and with the next renewal prospectus filing in respect to existing mutual funds that all mutual fund prospectuses, including those of the so-called "no load" funds, shall contain a short-term trading penalty.

The Policy

1. Subject to 2, where mutual funds shares are purchased at a sales charge of less than 4% and the shares purchased are redeemed within 90 days of the date of purchase the purchaser of the shares shall pay to the Fund out of the redemption proceeds an amount equal to the difference between 4% of the purchase price and the amount of sales commission actually paid at the time of purchase.
2. Exceptions to the short-term trading penalty would be permitted in the case of redemptions:
  - (a) in the ordinary course
    - (i) by those operating pension or retirement plans;
    - (ii) by the owners of systematic withdrawal plans;

- (iii) on regular contractual plans or periodic payment plans which are based on payroll deductions, pre-authorized or post-dated cheques or payments made on a regular monthly or bi-monthly basis; or
  - (iv) of shares acquired by dividend re-investment.
- (b) pursuant to the exercise of a statutory right or withdrawal or rescission; or
  - (c) following the death of a purchaser who died within the 90 day period.

Comments

Submissions and comments respecting the proposed policy are requested from interested parties on or before Friday, 3rd December, 1976. These should be addressed to:

F. C. Tapley, Esq.,  
Director,  
The Manitoba Securities Commission,  
1128 - 405 Broadway Avenue,  
Winnipeg, Manitoba,  
R3C 3L6.

MUTUAL FUNDS: INVESTMENT RESTRICTIONS - RIGHTS,  
WARRANTS AND OPTIONS

---

Reason for the Policy

With the growing availability of stock exchange traded 'clearing corporation' stock options the Canadian Provincial Securities Administrators were requested to indicate their attitude towards the suitability of this class of security as an investment for a particular mutual fund as well as the feasibility of a fund acting as the writer of options. This led to a consideration of all classes of rights, warrants and options to purchase securities. The policy set out below reflects the conclusions reached by the Administrators at their September, 1976 meeting after considering the comments received following the publication of the July, 1976 draft policy.

P O L I C Y

1. Where not inconsistent with its expressed investment objectives a mutual fund may purchase options issued by a clearing corporation recognized by the Administrators, hereinafter called "clearing corporation options", as well as other rights and warrants presently permitted.
2. Except for purchases made to close out options written under paragraph 5, the value at the time of purchase of such rights, warrants and clearing corporation options shall not collectively exceed more than five per cent of value of the net assets of the funds.
3. The value of such rights, warrants and clearing corporation options purchased shall be deducted from the maximum of ten per cent of the value of the net assets of the fund which has been generally accepted by the Administrators as the maximum which any mutual fund, except mortgage funds, may otherwise invest in "illiquid" securities.
4. A mutual fund shall not write uncovered options.
5. A mutual fund will be permitted to write covered clearing corporation options provided that the value of securities underlying the options written shall not exceed ten per cent of the mutual fund's assets invested in stocks.

SUPPLEMENT "C" TO WEEKLY SUMMARY, WEEK ENDING 30TH SEPTEMBER, 1976.

( A 16)

AMENDMENT TO NATIONAL POLICY NO. 9

MUTUAL FUNDS - FORWARD PRICING, SALES AND  
REDEMPTIONS

Reason for the amendment

The Canadian Provincial Securities Administrators, after requesting and receiving comments from interested parties, have concluded that the security holder of a mutual fund who purchased with the liquidity offered by daily or weekly valuation should not be deprived of it without the approval of a substantial number of securities holders. We also affirm our opinion that the valuation date should not be less frequent than once a month. National Policy No. 9 is amended immediately to carry out this intent by adding clause 4.

Text of the amendment

National Policy No. 9 is amended by adding:

- "4. Subject to 2, where a mutual fund which has been computing its net asset value more frequently than monthly proposes to lessen the frequency of computation, it shall first obtain the consent of the security holders owning at least 10 per cent of the outstanding class of securities of the fund affected through approval by a resolution passed by two-thirds of the votes cast at a meeting of the security holders of that class of securities duly called for that purpose provided that the purpose and the effect of the change is clearly explained in an informational circular or similar document mailed to that class of security holders together with the proxy in advance of the meeting".

SUPPLEMENT 'X' TO WEEKLY SUMMARY, WEEK ENDING  
4TH NOVEMBER, 1976.

PROPOSED NEW ONTARIO POLICY

OFFER BY ISSUER TO PURCHASE ITS  
OWN SECURITIES : TIMELY DISCLOSURE

Reason for Policy

The Commission has become increasingly concerned about the number of issuers who, under their corporate powers, have made offers to purchase their securities in the open market or through tender offers and have done so without providing timely or adequate information to their shareholders in Ontario and investors generally.

This kind of offer is not dealt with specifically in The Ontario Securities Act. The federal government through The Canada Business Corporations Act, S.C. 1974-1975, c.33, dealt with it by defining 'take-over bid' in section 187 to include an offer 'by an issuer to repurchase its own shares'. In the regulations it provides for a special kind of offering circular to be sent to the shareholders of federal companies by the combined provisions of sections 63, 59 and 68. Section 63 is the key to this disclosure.

The Commission is of the view that it is essential, as a matter of investor protection and timely disclosure, that such information should be made available by an issuer, wherever incorporated, to its Ontario shareholders in particular and investors in general. We have, therefore, accepted the guidelines through sections 63, 59 and 68 of The Regulations to The Canada Business Corporations Act on an interim basis. We are requesting public comment and will modify the policy, as necessary, in the light of that comment.

Proposed Policy No. 3-00

- (1) Prior to making an offer to purchase its own securities through open market purchases or through a tender offer to its security holders, the issuer should give notice of its intention to make such an offer by filing with the Commission and, if listed, with The Toronto Stock Exchange and forward forthwith to each of the Ontario shareholders of record an information circular containing the information required by sections 63, 59 and 68 of The Regulations to The Canada Business Corporations Act, a copy of which is attached as Appendix 'A' to this policy.
- (2) In response to those requirements and for greater certainty, the circular should contain the following:
  - (a) A statement as to where the funds to make the purchases are coming from and, if the money is to be borrowed upon what terms the loan is being made, under what circumstances is the loan to be repaid and how is it anticipated that it will be repaid;
  - (b) A statement that the issuer will not become insolvent as a result of the proposed purchases;
  - (c) The business reason for the company repurchasing its securities and the way in which the company, as opposed to individual security holders, will benefit from the purchases;
  - (d) The benefits to be gained from the purchases either individually or collectively by each of:

- (i) the directors and officers of the issuer and their respective associates;
  - (ii) the persons known to the directors or officers who beneficially own or exercise control or direction over shares of the issuer carrying more than 10 per cent. of the votes attached to the securities; and
  - (iii) the associates or affiliates of the issuer;
- or, if none of these parties expect to benefit directly or indirectly a statement to that effect;
- (e) An explanation for any plans or proposals to liquidate the corporation, to sell, lease or exchange all or substantially all of its assets or to amalgamate it with any other body corporate, or to make any major change in its business corporate structure, management or personnel and relate these, as appropriate, to the description of reasons or benefits required by (c) and (d).
- (3) In the case of a proposed market offer, the information should be filed with the Commission and sent to the shareholders at least ten business days before the purchases commence and, in the case of tender offers, at least fifteen business days before the tender offer is to be closed.

SUPPLEMENT 'X' TO WEEKLY SUMMARY, WEEK ENDING  
18TH NOVEMBER, 1976.

ONTARIO POLICY NO. 3-00

DORMANT COMPANIES : APPLICATIONS FOR  
EXEMPTION FROM SIX-MONTH INTERIM  
FINANCIAL STATEMENT REQUIREMENTS

Purpose of Policy

Since 1st May, 1967, 'reporting issuers' subject to the disclosure requirements of The Ontario Business Corporations Act (BCA) and The Securities Act have been required by section 185(1) of the BCA and section 134 of The Securities Act (in the case of Ontario companies) or section 130 of The Securities Act to prepare and mail to shareholders and file with the Commission six-month (unaudited) comparative interim financial statements. The Commission recognizes that in the case of dormant companies, particularly mining exploration companies, whose funds have largely been spent and whose management may be awaiting changed or suitable conditions to reactivate operations and obtain additional financing, interim financial statements provide little in the way of useful information to shareholders and other investors. The money spent on preparation, printing and mailing these statements might more usefully be retained for other needs. The shareholders and investors will continue to receive the benefit of the annual audited financial statement and informational statement.

Application for Exemption

Where management can demonstrate that the preparation and mailing of the company's six-month comparative financial statement will not be of significant benefit to investors and represents a material financial burden to the company, an application for an exempting order may be made by the company, following the guidelines set out in O.S.C. Policy #3.19, for an order, in the case of Ontario companies under section 185(2) of the BCA and other companies under section 132 of The Securities Act, exempting the applicant from the requirement to produce, mail to shareholders and file with the Commission a six-month comparative unaudited financial statement.

To assist the Commission in reaching the conclusion that an exemption should be granted the application should be accompanied by:

- (1) A statutory declaration made by the chief executive officer disclosing -
  - (a) current assets of less than \$25,000;
  - (b) the company to be inactive or dormant, describing briefly the nature, extent and value of its assets and an estimate of the expenditures required during the coming year in order to keep the company in good standing and to preserve its assets;
  - (c) the company has no present plans to obtain further assets, to explore or develop any property or other assets held, or to seek additional financing for any purpose; and
  - (d) that there are no material facts concerning the company which have not been furnished to its shareholders and the Commission.
- (2) An undertaking entered into by all the company's senior officers and directors to forthwith advise the shareholders and the Commission of any material change in the foregoing.

The Order

The Commission, upon being satisfied that in the circumstances an order might issue, will condition the order so that it will terminate immediately upon there being any material change in circumstances. A change in the senior officers, directors or controlling shareholders will be viewed as such a change. This will not prevent an immediate and further application to extend the exemption on similar grounds.

Annual Statements

The Commission has considered the feasibility of encouraging similar applications for the annual financial statements and proxy solicitation material. It has concluded that these are the cornerstone of continuing shareholder and investor protection. Outside financing carries with it the continuing obligation to provide the information required through the annual audit and the dissemination of current information annually to shareholders and other investors.

NOTICE II

STOCK EXCHANGE TAKE-OVER BIDS

The Ontario Securities Commission and The Toronto Stock Exchange have reached an agreement on the proposed rules for take-over bids through the stock exchange which the TSE proposes implementing in due course through a change in its by-laws. During the interim period, they will be implemented by rules prescribed by the TSE's Board of Governors. The rules are similar, but not identical, to those which have been adopted by the Montreal Stock Exchange and approved by the Quebec Securities Commission. It is anticipated that they will become uniform by agreement between the Vancouver, Montreal and Toronto Stock Exchanges with the approval of any changes by the British Columbia Superintendent of Brokers, the Quebec Securities Commission and, if necessary, by the Ontario Securities Commission. It is hoped that they will also be adopted by the Alberta and Winnipeg Stock Exchanges with the approval of the Alberta and Manitoba Securities Commissions.

There are several reasons for agreement at this time. Firstly, the re-introduction of the proposed Securities Act (formerly Bill 98), which it was anticipated would result in public discussion of the take-over bid procedures during the committee stage, has been deferred for more than a year. Secondly, the adoption of different rules by the Montreal and Vancouver Stock Exchanges and the absence of rules in Toronto have led to unfortunate confusion for those wishing to make a take-over or partial take-over bids through the facilities of stock exchanges.

The Commission became anxious to eliminate this confusion and assist in the objective of national uniformity in the treatment of stock exchange take-over bids. This objective is met in substantial measure by this agreement.

CEASE TRADING ORDERS

NEWORE DEVELOPMENTS LIMITED  
WOLVERTON LAKE GOLD MINES LIMITED

Following hearing the cease trading order dated 9th November, 1976, in respect to each company is continued pending each company complying with Part XII of The Securities Act.

VAL-NOR EXPLORATION LIMITED

DECISIONS, DIRECTIONS, ORDERS AND RULINGS

THE OPTIONS CLEARING CORPORATION

Following the resumed appeal 24th November, 1976, the Commission upheld the decision of the Deputy Director-Filings in refusing a receipt for the renewal prospectus originally filed and said the Deputy Director-Filings could now issue a receipt if the final prospectus filed has the agreed front page to replace that initially submitted. If a receipt did issue then the old prospectus dated 30th October, 1975, would run concurrently with the new until 6th December, 1976, to enable the necessary printing, distribution and technical problems to be overcome.

SHAWNEE PETROLEUMS LIMITED

On application under S.185(2) of the BCA, the Commission permitted Shawnee Petroleum Limited to omit from its comparative interim unaudited financial statements for the six month period ending 30th November, 1976, to be sent to shareholders, the comparative information for the six month period ended 30th November, 1975.

BAILEY SELBURN OIL & GAS LTD.

On application under S.90 by Pacific Petroleum Limited, the Commission declared the proposed takeover bid for the remaining outstanding shares of Bailey Selburn Oil & Gas Ltd. to be an exempt offering conditional -

- (1) that the offer complies with requirements of Part XVI of The Canada Business Corporations Act; and
- (2) Part IX of The Securities Act other than item 11 of S.82 thereof.

LAFFERTY, HARWOOD & PARTNERS LTD.

The appeal under S.140 by Lafferty, Harwood & Partners Ltd. from the decision of the Board of Governors of The Toronto Stock Exchange was dismissed.

STATUTORY DISCLOSURE: REPEAT DEFALTERS

The Commission's attention has been directed to the fact that the following reporting company has failed on at least two separate occasions to file the information required to be furnished to its shareholders by either The Securities Act or The Business Corporations Act within the time limited by statute and has only done so previously after a notice of default has been issued to it by the Commission.

ONTARIO POLICY NO. 3-33

PRIVATE PLACEMENTS : BONA FIDE CHANGE  
IN INVESTMENT INTENT : FORMS 11-12

Despite the policy statement it issued through its reasons earlier this year in Re: Warren Explorations Limited et al (1976 O.S.C.B. (April) 111), the Commission is informed that some confusion still exists among financial intermediaries negotiating private placements and the private placees themselves as to the undertaking not to resell required as a certificate in Form 11. This is signed by the purchaser who states that the purchase is made 'for investment only and not with a view to resale or distribution'.

The Warren decision explores the proposition, said to be prevalent in Ontario and perhaps elsewhere in Canada, that this undertaking is only binding for some specific period, six months was suggested, and that at the end of this period the purchaser was free to sell. The decision notes that in the United States a holding period is but one of the tests used to determine whether the original declaration of investment intent was true or false at the time it was made. The U.S. holding period was never so short as six months.

Under Rule 144 promulgated by the U.S. Securities and Exchange Commission in April, 1972, an exemption might be enjoyed from the requirements of the 1933 Securities and Exchange Act if certain conditions were present and the securities were held for not less than two years. If those conditions were not present then, under Rule 237, the minimum holding period is five years.

Form 12, question 5, requires the private placee-purchaser to provide a 'detailed explanation' of the reason for the change in the original investment intent which led to the sale. As noted in the Warren decision, at page 116, the reason must be such that it can be inferred from it that there was in fact a bona fide investment intent at the time the purchase was made and the Form 11 certified.

The Commission's policy has been to make enquiries when the private placee sells two years or less from the date of the original purchase. In all cases, whatever the duration of the holding period, the placee should furnish a detailed and reasonable explanation for the change in investment intent in the Form 12. Interested parties are urged to read the Warren decision and as necessary the other reports and decisions referred to in those reasons.

It is implicit that persons wishing to invest for a relatively short term cannot invest by way of private placement as they necessarily would not be purchasing for investment but would be purchasing 'with a view to resale or distribution'.

DECISIONS, DIRECTIONS, ORDERS AND RULINGS

NEWFOUNDLAND TELEPHONE COMPANY LIMITED

On Application under Sections 104, 116 and 132 the Commission ruled:

1. Under Section 104 - The company is exempted from the provisions of Part X provided it files with the Commission and sends to each shareholder resident in Ontario, all proxy and proxy solicitation material the company is required to send to shareholders under The Canada Corporations Act.
2. Under Section 116 - The insiders of the company are exempted from the requirement of Section 110 provided they file with the Commission Form F (Initial Report of Insider Interest) and thereafter Form G (Report of Changes of Insider Interest) required to be filed with the Quebec Securities Commission, together with a signed certificate attached to Form G stating that:

"No use has been made of any specific confidential information that if generally known might reasonably be expected to affect the value of the capital securities of the Corporation."
3. Under Section 132 - The company is exempted from Part XII provided it files with the Commission and sends to each Ontario shareholder the financial information called for under The Quebec Securities Act.

E-L FINANCIAL CORPORATION LIMITED

On Application under Section 59 by The Debenture and Securities Corporation of Canada and Dominion and Anglo Investment Corporation, the Commission ruled that the sale of 123,538 warrants of E-L FINANCIAL CORPORATION LIMITED through the facilities of and subject to the conditions established by the Commission with the Toronto Stock Exchange up to and including 22nd December, 1978 (the expiry date for exercise of warrants) will be deemed

not to be a distribution to the public and registration is not required, provided the company files an Affidavit with the Commission stating that there is no inside information to which the public is not cognisent.

#### NU-FORT RESOURCES INC.

On Application under Section 59 the Commission ruled that the issue of three notes totalling \$35,000 that may be converted into 99,999 shares of NU-FORT RESOURCES INC., to RAYROCK MINES LIMITED as to \$20,000, convertible into 57,143 shares to REDSTONE RESOURCES INC. as to \$10,000, convertible into 28,574 shares and NOVA-CO EXPLORATIONS LIMITED as to \$5,000, convertible into 14,282 shares would be deemed not be a distribution to the public and registration would not be required, but the resale of the 28,574 shares that REDSTONE RESOURCES INC. may receive upon conversion must be the subject to further application to the Commission.

#### OAK INDUSTRIES LIMITED

On Application under Section 59 the Commission ruled that the exchange by the company of cumulative convertible preferred stock Series 'C' (without par value), \$5.00 stated value per share (new preferred stock) for its outstanding 4-3/4% Convertible Subordinated Debentures due 1st March, 1987 will be deemed not to be a distribution to the public and registration is not required.

#### SHELTER CORPORATION OF CANADA LIMITED

An Application under Section 59 was refused. Reasons will issue in due course.

#### MILTON GROUP LIMITED

On Application under Section 59 the Commission ruled that the granting of an option and the exercise of that option by Mr. Mitchell Bronfman, President of MILTON GROUP LIMITED to convert his mortgage on the property of the company into 122,753 shares of MILTON GROUP LIMITED would be deemed not to be a distribution to the public and registration would not be required conditional that the shares, if so issued, are placed in an escrow satisfactory to the Commission with the Royal Trust Company and the sole right to vote those shares be

granted to William Breukelman during the life of the escrow. The Section 144 Cease Trading Order currently in effect is varied to permit this transaction, if the option is exercised.

  - (b) TATE & LYLE INVESTMENTS LIMITED and its directors and senior officers;
  - (c) REDPATH SUGARS LIMITED and its directors and senior officers;
  - (d) REDPATH INDUSTRIES LIMITED and its directors and senior officers.
3. The afore-mentioned Order is effective in respect to each director and senior officer so exempted only for so long as he does not beneficially own directly, or indirectly, or exercise control or direction over the equity shares of REDPATH INDUSTRIES LIMITED carrying more than 10% of the voting rights attached to all equity shares of the Corporation for the time being outstanding.
4. The Order is conditional upon there being no change in the corporate relationship or operational relationship between REDPATH INDUSTRIES LIMITED and its affiliates.
5. That each of the insiders of REDPATH INDUSTRIES LIMITED not directors nor senior officers of affiliates of REDPATH INDUSTRIES LIMITED exempted by this Order are exempted from Section 110 provided

that each such insider files with the Commission Form 1 required to be filed under The Canada Corporations Act, notwithstanding that such reports may not be required to be filed thereunder.

6. The insiders of REDPATH INDUSTRIES LIMITED are exempted from the requirements of Section 110 provided each files with the Commission Form 2 required to be filed under The Canada Corporations Act and attaches thereto a signed certificate in the following terms:

"The undersigned hereby certifies that no use has been made of any specific confidential information that if generally known might reasonably be expected to affect materially the value of the capital securities of the Corporation."

SUPPLEMENT 'X' TO WEEKLY SUMMARY 9TH DECEMBER, 1976

PROPOSED AMENDMENT TO NATIONAL POLICY NO. 28

Reason for Amendment

With the recent publication of National Policy No. 28 giving Mutual Funds authority to purchase and to write Clearing Corporation Options, it is necessary to consider how Clearing Corporation Options purchased should be valued, how the premium received through writing the Clearing Corporation Option should be treated, how the securities which are the subject of the option should be valued and what additional prospectus disclosure is required.

Accordingly, it is proposed that National Policy No. 28 be extended as follows:

- (6) Clearing Corporation Options purchased shall be valued at current market value.
- (7) Upon writing a covered Clearing Corporation Option:
  - (a) The premium received shall immediately be set up as a deferred credit. Thereafter, so long as an open position is maintained, such deferred credit shall be valued at an amount equal to the current market value of an option which would have the effect of closing the writer's position and the difference in valuation should be treated as an unrealized gain or loss on investment. Such deferred credit shall be deducted in arriving at the net assets of the fund.
  - (b) The securities which are the subject of a Clearing Corporation Option shall continue to be valued at current market value.
- (8) The Schedule of Investments (Statement of Investment Portfolio) included in a prospectus shall disclose, with respect to Clearing Corporation Options in an "open" position, at least the following:

- (a) For options purchased -- the number, the underlying security, the exercise price, the expiration month, the cost and market value.
- (b) For options written --
  - (i) The underlying security shall be identified, by asterisk or otherwise, as being the subject of an option written.
  - (ii) Analysis of the deferred credit account indicating the number of options, the underlying security, the exercise price, the expiration month, the premium received and the market value.

REVISED ONTARIO SECURITIES COMMISSION POLICY NO.3-31

CEASE TRADING ORDERS: APPLICATIONS FOR PARTIAL  
REVOCATION TO PERMIT THE SHAREHOLDERS TO ESTABLISH  
A TAX LOSS FOR INCOME TAX PURPOSES

Where the Commission is satisfied that a proposed disposition is to be made, so far as the applicant shareholder is concerned, solely for the purpose of establishing a capital loss, the Commission is prepared to vary outstanding cease trading orders to permit such transactions.

Shareholders proposing such transactions are invited to write to the Director stating

- (a) the name of the company, the number of shares and particulars of registration (certificate numbers and name of registered holder);
- (b) that the proposed sale is solely for the purpose of establishing a capital loss; and
- (c) the name and address of the proposed purchaser.

The Director will also require a letter from the purchaser, stating that he is aware that the shares cannot be resold so long as the cease trading order is in effect.

Where a proposed disposition is by way of gift, the Commission is of the view that it is not a 'trade' within the meaning of section 1(1) 24 of The Securities Act even though it may be viewed as a 'disposition' for the purposes of The Income Tax Act. In these cases, no communication with the Commission is necessary.
